 tel. + 41 91 811 6446
 fax + 41 91 811 6444

❖ Current position

Deputy Chief of Department of Nuclear Medicine and PET-CT Centre and Head of Diagnostic and Molecular Imaging Unit, Imaging Institute of Southern Switzerland, Bellinzona - Lugano

❖ Educational

1988 - Degree in Medicine (cum laude), Medical School, University of Pavia (Italy)

1992 - Post-graduate Degree in Nuclear Medicine (cum laude), Radiological Sciences Institute, University of Milan (Italy)

2002 - Executive Master in Health Organisation and Human Resources Management, I.Re.F. Institute and Region Lombardia, Milan (Italy)

❖ **Carrier**

- 1989 - 1990 Assistant, Chair and Division of Nuclear Medicine, Institute of Radiological Sciences - University of Milan (Italy)
- 1991 - 2002 Consultant, Department of Nuclear Medicine, University Hospital and Macchi Foundation of Varese (Italy)
- 1994 - 2002 Head of Nuclear Cardiology Unit, University Hospital and Macchi Foundation of Varese. (Italy)
- 2000 - 2002 Head of Nuclear Medicine Diagnostic Unit, University Hospital and Macchi Foundation of Varese (Italy)
- 2003 – 2016 Senior Consultant, Department of Nuclear Medicine and PET-CT Centre, Oncology Institute of Southern Switzerland.
- 2016 - 2018 Deputy Chief, Department of Nuclear Medicine and PET-CT Centre, Oncology Institute of Southern Switzerland.
- 2018 - 2018 Head of Molecular Imaging Unit, Department of Nuclear Medicine and PET-CT Centre, Oncology Institute of Southern Switzerland.
- 2019 Deputy Chief of Department of Nuclear Medicine and PET-CT Centre and Head of Diagnostic and Molecular Imaging Unit, Imaging Institute of Southern Switzerland - Ente Ospedaliero Cantonale

Collateral activities

- 2009 - 2017 Member of the technical and scientific committee of the Centro di Senologia della Svizzera Italiana (CSSI)- EOC.
- 2010 - Referral physician for nuclear medicine procedures and medical imaging applications in study protocols for the International Extra-Nodal Lymphoma Study Group (IELSG) and coordinator of the PET central review panel for the IELSG 26 and IELSG 37 multicentre studies carried out by the IELSG in collaboration with the Federazione Italiana Linfomi and the UK National Cancer Research Institute.
- 2016 - Coordinator of PET scans central review for the SAKK 38-07, SAKK 35-14 and SAKK 35-15 multicentre studies carried out by the Swiss Group for Clinical Cancer Research (SAKK).
- 2018 Scientific collaboration with the Institute of Oncology Research (IOR)

❖ Didactic Experiences

- **Venia legendi - “Privat Dozent (PD)” at the**
Medical School, University of Zürich (CH)
2018 –

- **Invited Professor at the**
Medical School, University of Insubria (Italy)
1998 -2015 Post-Graduate Programme in Medical Radiology
- Nuclear medicine in Cardiology

1998 -2010 Post-Graduate Programme in Medical Radiology
- Instrumentation in Nuclear Medicine
2000 - 2005 Post-Graduate Programme in Cardiology
- Nuclear Cardiology

2001 - 2003 University School for Imaging Technologists
- Techniques of quality controls in Nuclear Medicine
- Radioactivity

- **University Tutor at**
Medical School, University of Milan (Italy)
1995 - 1997 Integrated Course of Medical Imaging and Radiotherapy (Medicine Students)

Medical School, University of Varese (Italy)
1994 - 1996 Integrated Course of Medical Imaging and Radiotherapy (Medicine Students)

- **Lecturer at**

2011 - Continuous Medical Education programs of CardioCentro Ticino (Lugano).

2012 - “Lymphoma forum for Excellence” (Lyfe) international annual course organized in Bellinzona by the Oncology Institute of Southern Switzerland and.

2013 - European School in Oncology – Ulm University joint program awarding the Certificate of Competence in lymphoma

2016 European School in Nuclear Medicine/European School in Oncology joint Learning Course on 18FDG PET/CT in Lymphomas , organized in Vienna.

❖ Awards

- Premio Biennale "Prof. Aldo Perussia" - A.I.M.N.)
Best post-graduate Nuclear Medicine thesis among Italian Universities
Associazione Italiana di Medicina Nucleare - Bari (1994)
- Best Scientific Communication (poster session)
Associazione Italiana di Medicina Nucleare - Pesaro (2000)
- JNM Outstanding Paper Awards 2001
Society of Nuclear Medicine - Toronto (2001)
- Premio ABREOC - Best Scientific Communication (oral session)
Terza giornata della ricerca della Svizzera italiana - Lugano (2013)

❖ Publications / Abstracts and Proceedings of Congress

- Author/co-Author of 150 publications in peer-reviewed international journals
- Author of 110 scientific communications (abstracts) at national and international congresses
- Coordinator or invited speaker at 25 national and international congresses/courses

H index resulted from Web of Science Core Collection (15.09.2019) = **25**

H index – last 5 years resulted from Web of Science Core Collection (15.09.2019) = **13**

❖ Membership

- Italian Association of Nuclear Medicine (AIMN)
- Italian Group of Nuclear cardiology (GICN)
- European Society of Nuclear Medicine (EANM)
- Since 2018 member of the Executive Board of the Swiss Society of Nuclear Medicine (SGNM/SSMN)-

September, 16th 2019

Luca Ceriani
